

Arestin® Post Op Instructions

Once you have had ARESTIN® administered, it will continue to fight infection after you have left the office.

For 1 week after treatment:

- Do not touch the sites treated with ARESTIN®
- Do not chew hard, crunchy, or sticky foods (such as carrots, taffy, or gum)

For 10 days after treatment:

- Do not floss or use other tools to clean between the treated teeth.
- Mild-to-moderate sensitivity is normal. Please contact us if you have severe pain or signs of an allergic reaction (such as itching or swelling)

Keep up with treatment:

- Scheduling and keeping follow-up visits can help maintain control of periodontal disease.

Please call our office if you have any questions at [\(267\) 365-3004](tel:2673653004). Thank you for trusting Bucks County Smiles with your oral health care and wellness journey.
